

## LABORAL AND THE COLLECTIVE *RESPETO TOTAL* OFFICIALLY ANNOUNCE THE *ONE SECOND VIDEO FESTIVAL RELOADED: WORKSHOP VERSION*

THE FESTIVAL OF ONE-SECOND-LONG VIDEOS, TO BE HELD AS PART OF THE ENCUENTROS DE CABUEÑES, WILL ACCEPT APPLICATIONS FOR PARTICIPATION STARTING TODAY.

The *One Second Video Festival* is an *on-line* festival of videos of one second duration created by the collective Respeto Total (Jota Izquierdo and Lele Luchetti). It has the following objectives: to question the relationships that we maintain with technology and information, to generate a unique community of creators and also – why not? – to have a good time.

Anyone who wants to participate in this new edition of the festival can upload their videos starting today until the 24<sup>th</sup> of September on the competition's web site (<http://www.respeto-total.com/rosvf/index.html>), through LABoral's web page ([www.laboralcentrodearte.org](http://www.laboralcentrodearte.org)) or on the page of the Encuentros de Cabueñes ([www.cabuenes.org](http://www.cabuenes.org)).

*The world's first video nanofestival* is being held within the framework of the Encuentros de Cabueñes and will take place from the 22<sup>nd</sup> to the 26<sup>th</sup> of September. Videos submitted to the competition will be shown on two screens being set up for the event in the patio of the old building of the Universidad Laboral and in the lobby of the Centro de Arte.

The collective Respeto Total will also direct two activities to be held at LABoral in which discussions will be held about the concept of creating one-second videos and about programming the Judge DEEP DREDD, the *software* specifically designed for the festival that will be responsible for deciding, through the medium of an algorithm, who will be given one of the awards. The audience and participants will also have a say and a vote in the awarding of the other prizes to be handed out on the 26<sup>th</sup> of September at LABoral Centro de Arte y Creación Industrial.
