

NEW SESSIONS OF THE *RECICLAJE* AND *VIAJANDO POR EL MUNDO* WORKSHOPS IN LABORAL CENTRO DE ARTE

LABoral Centro de Arte y Creación Industrial opens its doors this weekend for two new sessions of the *Reciclaje* (Recycling) and *Viajando por el mundo* (Travelling around the world) workshops. On Saturday and Sunday, March 1st and 2nd, the third session of the **Taller de Reciclaje** will be held in the art centre, where children from 3 to 7 years of age will work alongside family members as they use discarded materials to put on a puppet show and create a musical orchestra.

The sessions will take place from 11:30 AM to 1:30 PM and will be led by Aurora Valverde Hernández, Early Childhood Educator and an expert in recycling and art workshops, as well as by Mercedes Suárez Velasco, childhood educator, Dramatisation expert and a specialist in recycling and art workshops.

Viajando por el mundo has been held regularly at LABoral since January 19th as part of the LABniños activity programme. Kimberley Baldwin, who has a Master's degree in Philosophy from the University of San Francisco, will lead the session this Saturday, March 1st, from 11:00 AM to 1:00 PM. She will introduce the young participants of 8 to 11 years of age to **Architecture in American English**.

Both workshops have been organised in the training and educational areas of LABoral Centro de Arte y Creación Industrial. LABoral designed them as part of a pedagogical programme that is specifically intended for young people and their families. The events of LABenfamilia, LABniños and LABescuela are all part of the 2008 Talleres Didácticos y de Creación (Didactic and Creation Workshops). Their activities will explore six different themes: Cooperation, Photography and Audiovisual Culture, Multiculturality, Music, Theatre and Dance, New Technologies and Urbanism and Recycling. They are brought to you by LABoral with the express support and patronage of the Fundación Hidrocarbónico, member of the Board of Patrons of the Fundación La Laboral.
